Dear Alameda Community,

Thank you all for your participation in the recent community meetings and voting process regarding the potential for a 6th grade transition in the Alameda area. Following a thorough process which included community meetings, school accountability conversations, and a vote by stakeholders in the area, the district has determined this transition to be overwhelmingly against the wishes of the Alameda community.

The 6th grade students in the Alameda area will remain in the elementary schools. 6th grade will not transition to Alameda International.

We appreciate your dedication and engagement in the Alameda area.

Thank you,

Marcia Anker
Community Superintendents

David Weiss
Community Superintendent
